## ALDI MANCHESTER HALF MARATHON

## PLEASE READ IMPORTANT INFORMATION FOR RESIDENTS

### SUNDAY 16TH OCTOBER 2016

Residents, we need your help – on Sunday the 16th October 2016, the Aldi Manchester Half Marathon will see around 10,000 runners run through the streets of Greater Manchester. This is a significant new event not just for Manchester, but in the running calendar of the country. In order to facilitate an event of this size, we need to close some roads in order to allow the runners to move safely around the course and to make it safe for spectators to view the race. We recognise that this can be inconvenient for residents and we are working hard to minimise the disruption for you.

### IMPORTANT ROAD CLOSURE INFORMATION 16.10.2016

To ensure the safety of runners and spectators, the Aldi Manchester Half Marathon has to be run on closed roads.

The closures will be in place for as short a time as possible and we shall help you get around as much as we can but some people will be affected. To help plan your journey, please see the map overleaf showing which roads are closed and diversion routes.

In some cases, the road closures for the Half Marathon will be similar to those for the Marathon. Full details of the road closures and times, and the actual traffic order can be downloaded via the links below.

We hope that the support on the route will be as legendary as for the ASICS Greater Manchester Marathon so please come out and support the runners as they pass. Once again, we also have two prizes of £500: one for Most Supportive Neighbourhood and one for Best Entertainment on the Course. The winners will be voted for by the runners.

Aldi Manchester Half Marathon would like to thank you in advance for taking note of the information available and planning your journey to cause you as little inconvenience as possible.

Diversions will be in place to allow you to continue your journey.

For more information please visit [manchesterhalfmarathon.com/race-info/road-closure-info/](http://manchesterhalfmarathon.com/race-info/road-closure-info/) or call our traffic helpline on **0161 850 1230**

**The A56 Northbound will be open all day up to Edge Lane, Stretford. Edge Lane to White City Way will only be closed between 06.00 and 10.00.**

## PLACES TO AVOID UNLESS YOU ARE A SPECTATOR

Experience tells us that some locations are spectator hotspots and you should use the tram service to get to these locations and not attempt to get to them by car.

- A56 Chester Road / Talbot Road (approach to finish)
- Brooklands Road / Marsland Road / Hope Road
- Broad Road
- Dane Road

## A56

### The A56 southbound will be closed:

### The A56 Northbound will only be closed:

## BEST ADVICE

If you need to use the A56 Southbound, use the outer diversion route, A5103 Princess Road to avoid major disruption to your journey.

If you need to access the City during the northbound closure, A5181 Barton Road and then B5211 Barton Dock Road to the A57 and then follow signs for the City.

## M60 JUNCTION 7 06.00–13.00

Access on and off the M60 at junction 7 will be restricted but will not affect your journey. Traffic wishing to travel anticlockwise will be directed north on the M60 to junction 8 where it can then use the slip roads to rejoin the M60 to travel south.

Traffic travelling clockwise that wishes to leave the M60 at junction 7 will be directed to junction 8 where it can then use the slip roads to rejoin the M60 to travel south and leave at junction 7.

On leaving the motorway, traffic will be directed onto diversion routes in order to travel south.
